

Vijay Lulla

Indiana University Purdue University Indianapolis
Indianapolis, Indiana

February 13, 2018
<http://vijaylulla.com>
(812)239-8943

Work experience

- **Indiana University Purdue University Indianapolis** Indianapolis, IN
Assistant professor Aug 2013–Current
- **ESI (Environmental Solutions & Innovations, Inc.)** Cincinnati, OH
Geospatial Scientist Oct 2012–Aug 2013
 - Primarily involved with automating GIS related tasks.
 - Responsible for developing database[s] that can be used for field data collection and GIS analysis coordination.
- **Indiana University Purdue University Indianapolis** Indianapolis, IN
Postdoctoral research fellow 2010–2012
 - Supervisor: Daniel P. Johnson
 - Work on a NASA/ROSES-funded grant for geospatial modeling of heat related risks in urban cities.
 - Involves collection of satellite imagery data, processing satellite imagery data (georectification, image processing, and image classification).
 - Also includes collection, modification, and analysis of census data obtained from U.S. Census Bureau.
 - Responsible for programmatic generation of faculty evaluation reports (for every semester) for the School of Liberal Arts.
 - Provide formal/informal help with programming/database related issues to graduate students and colleagues.
- **ESI (Environmental Solutions & Innovations, Inc.)** Indianapolis, IN
GIS Consultant Nov 2011–Nov 2011
 - Analysis of impact of a newly proposed wind-mill farm on bat-habitat/migration patterns.
 - Provided assistance with analysis which required integrating raster and vector data.
- **VIA (Vertical Integrated Applications)** Indianapolis, IN
GIS Consultant Nov 2010–Mar 2011
 - Helped with organizing GIS data to be used in Spillman geobase used by Johnson County Public Safety and Communications Board's Record Management System.
 - Provided customized scripts (python/perl) to meet data conformity.

Education

- **Indiana State University** Terre Haute, IN
Ph.D. Geography 2005–2010
 - Advisors: Ryan Jensen and Paul Mausel
 - Committee: James Speer, Susan Berta, Perry Hardin, Geoffrey Exoo
 - Title: Neural network classification of hyperspectral imagery for urban environments: a case study
- **Indiana State University** Terre Haute, IN
M.A. Geography 2002–2005
 - Advisor: Ryan Jensen
 - Committee: Paul Mausel, James Speer
 - Thesis: Biomass estimation using statistical and neural network analysis of ASTER data.
- **Maharaja Sayajirao University** Baroda, India
B.E. Electrical Engineering 1996–2000

Awards

- Benjamin J. Moulton Ph.D. Award 2006.
- Outstanding Service Award, Department of Geography, Geology, and Anthropology, Indiana State University. 2007

Teaching Experience

- **Programming and databases for geoprocessing** Indiana University Purdue University Indianapolis
Created new course/Instructor *Spring 2016, 2017*
- **Advanced Remote Sensing** Indiana University Purdue University Indianapolis
Instructor *Spring 2014-2017*
- **Advanced Geographic Information Science** Indiana University Purdue University Indianapolis
Instructor *Spring 2014*
- **Environmental Remote Sensing** Indiana University Purdue University Indianapolis
Instructor *Fall 2012-2017*
- **Computer Cartography** Indiana University Purdue University Indianapolis
Instructor *Fall 2011-2016*
 - Besides teaching computer cartography, discussed GIS and database concepts.
 - Also introduced students to many advanced statistical (R/matlab) and visualization (Processing/OpenGL/ParaView) tools actively being used by researchers.
- **Physical Geography Lab Instructor** Indiana State University
Graduate Teaching Assistant *Fall 2007*
 - Taught introductory physical geography lab which is a part of general education requirement.
- **Remote Sensing** Indiana State University
Graduate Teaching Assistant *Fall 2005*
 - Assisted in lab for Remote Sensing course.
 - Helped students with all aspects of remote sensing data analysis.
- **Guest Lectures**
Lecture about India for World Regional Geography,
 - November 4, 2008
 - April 19, 2009

Research Experience

- **Graduated students**
 - Zachary Vavra (Masters 2015)
 - Miranda Hancock (Masters 2015)
- **NASA/ROSES Grant** Indiana University Purdue University Indianapolis
Postdoctoral Research Fellow *Fall 2010–Fall 2012*
 - Modeling heat related risks to vulnerable populations in urban cities (primarily involves coding R and some python).
 - Development of web interface for one of the tools that can be used by EMS personnel (primarily involves programming in php, python, and javascript).
 - Collection/organization of relevant data. For. e.g. satellite imagery data, Census data, health related data.
 - Developing a schema and corresponding implementation for consistent storage of data required for projects.

- Survey analysis of faculty evaluations data for the School of Liberal Arts (primarily using R and Stata).

- **REASoN Grant**

Indiana State University
Fall 2007–Spring 2010

- *One of primary materials developer*

- <http://seros.us/moodle/>
- Created web based remote sensing teaching material for use in classroom.
- Familiarity with web frameworks, databases and presenting remote sensing educational material.

- **Hyperspectral data collection**

Indiana State University
Summer of 2006 & 2007

- *Research Assistant*

- Assisted in collecting hyperspectral data using AISA+ sensor.
- Leaf Area Index (LAI) field data collection.
- Rectification of the data using vendor provided ENVI software module.
- Wrote a program in python to correct the errors in raw data.
- Wrote some IDL programs for exploratory analysis of hyperspectral data.

- **Amazon Information System**

Indiana State University
Fall 2005–Fall 2007

- *Secondary Developer*

- Secondary developer for Amazon Information System for use in LBA (Large Scale Biosphere and Atmosphere Experiment in Amazonia, Brazil).
- Dealt with different satellite data formats at different resolutions.
- Worked on scaling issues, neural network classifier.

- **Educational Multi-media CD-ROM**

Indiana State University
Jan 2002–Fall 2005

- *One of the primary developers*

- Programming for multimedia CD-ROM used in Brazilian colleges to introduce basic remote sensing principles.
- “Lingo” programmer: Multimedia (Macromedia Director) programming.

Publications

- Fabio Famoso, Jeffrey S. Wilson, Pietro Monteforte, Rosario Lanzafame, Sebastian Brusca, and **Vijay Lulla** (2017) Measurement and modeling of ground-level ozone concentration in Catania, Italy using biophysical remote sensing and GIS. *International Journal of Applied Engineering Research* 12(21):10551-10562
- **Lulla V.** and A. Banerjee (2016) Some database concepts for use in geographic analysis. David. Cowen (Ed.), *STEM and GIS in Higher Education*. (pp 295-309) ESRI Press. ISBN: 9781589484481
- **Lulla V.** and R. Jensen (2016) Best practices for Urban hyperspectral remote sensing data acquisition and processing. Gatrell, J., Jensen R., Patterson M., & Hoalst-Pullen N. (eds), *Urban sustainability: Praxis & Place*. (pp 43-54) Heidelberg: Springer. ISBN: 978-3-319-26218-5
- **Vijay Lulla**, Austin Stanforth, Natasha Prudent, Daniel Johnson, and George Luber. (2015) Modeling Vulnerable Populations in the Global Context of a Changing Climate. Ahn Roy, Burke Thomas, McGahan Anita M. (Eds.), *Innovations for Healthy Urbanization*. (pp 193–208). Springer. ISBN: 978-1-4899-7597-3.

- Jensen, R. R., G. Yu, P. Mausel, **V. Lulla**, E. Moran and E. Brondizio (2004). An integrated approach to Amazon research – the Amazon Information System. *Geocarto International* 19(3):55–59
- Gonser, R., R. R. Jensen, **V. Lulla**, and E. McCluskey. 2007. Deer-vehicle collisions in western Indiana. *21st Biennial Workshop on Aerial Photography, Videography, and High Resolution Digital Imagery for Resource Assessment*. May 15–17. Terre Haute, Indiana.

Presentations

- **Vijay Lulla**, and Owen J. Dwyer III. 2017. *Investigating racial segregation in Indianapolis using Kernel Density Estimation*. Indiana Academy of Social Science, Crawfordsville, IN. October 13, 2017.
- **Vijay Lulla**. 2016. *Comparison of programming languages for geoprocessing*. Association of American Geographers Annual Meeting, San Francisco, CA. March 29–April 2.
- **Vijay Lulla**, Anirruddha Banerjee. 2015. *Some ideas from Open Source worth embracing in GIS*. Association of American Geographers Annual Meeting, Chicago, IL. 20–24 April.
- **Vijay Lulla**. 2014. *Levee identification from LiDAR data*. Association of American Geographers Annual Meeting, Tampa, FL, 8–12 April.
- James H. Speer, Kristen de Graauw, Dorothy J. Rosene, Stephen P. Aldrich, and **Vijay O. Lulla**. 2014. *Pandora Moth as an Example of a Species-Wide Network for Analysis of Insect Outbreaks*. 9th International Conference on Dendrochronology, Melbourne, Australia, 13–17 January.
- D. P. Johnson, Stanforth, A. C., **V. Lulla** Identifying heat vulnerable populations across an urban environment, a case study of the 1995 Chicago, IL extreme heat event. Centers for Disease Control and Prevention, Atlanta, GA. May 2011. Research Update presentation.
- Stanforth, A. C., D. P. Johnson, **V. Lulla**, and J. Webber III. Relating socio-spatial variables to heat induced mortalities in Chicago, IL during the 1995 extreme heat event. ICEPHI Symposium. Indianapolis, IN. September 2010. Poster presentation.
- Speer, J. H. and **V. Lulla**. 2009. *Pandora Moth outbreaks recorded in ITRDB chronologies across the entire range of Ponderosa Pine in Western United States*. Association of American Geographers Annual Meeting, Las Vegas, NV, 22–27 March.
- Jensen, R. R., M. W. Jackson, and **V. Lulla**. 2009. *Single line correction method to remove aircraft motion errors in AISA+ hyperspectral imagery*. Association of American Geographers Annual Meeting, Las Vegas, NV, 22–27 March.
- Yu, G., R. R. Jensen, P. W. Mausel, **V. Lulla**, E. S. Brondizio, and E. F. Moran. 2004. *GIS smart client: sharing spatial data and knowledge through Internet by standards*. American Society for Photogrammetry and Remote Sensing Annual Conference, Denver, CO, 23–28 May.
- Yu, G., R. R. Jensen, P. W. Mausel, **V. Lulla**, E. S. Brondizio, and E. F. Moran. 2004. *A distributed spatial information system: web service and its implementation*. Association of American Geographers Annual Meeting, Philadelphia, PA. 14–19 March.

Memberships

- Association of American Geographers (AAG)
- Indiana Academy of Science (IAS)

- Indiana Academy of Social Science (IASS)
- IndyR User Group

Service

- Served in a committee to develop online GIS course. August–December 2013.
- Refereed an article for Geocarto International. November 2013.
- Volunteered for regional competition of 2012 National Geographic Bee conducted by the National Geographic Society at Indiana University Purdue University Indianapolis on March 30, 2012.
- Volunteered for regional competition of 2011 National Geographic Bee conducted by the National Geographic Society at Indiana University Purdue University Indianapolis on April 01, 2011.

Skills

- Programming Languages and Databases
 - **Expert:** C, Ocaml, Lisp, Python, Ruby, SQL, PostgreSQL[Postgis]
 - **Intermediate:** J, C#, F#, Factor, Haskell, Lua, C++, Java, Perl, IDL, EML, PHP, Erlang, MySQL
- Markup Languages
 - **Expert:** T_EX/L^AT_EX, (X)HTML/CSS
 - **Intermediate:** XML/XSLT, ConT_EXt
- Statistics and Remote Sensing/GIS related Software
 - **Expert:** Erdas Imagine, ENVI, ArcGIS, R, MultiSpec
 - **Intermediate:** Numpy/Scipy, Stata, Statistica, Matlab, Mathematica, Maptitude, Quantum GIS, GRASS, NCL (NCAR Command Language)
- Miscellaneous tools
 - **Expert:** make/cmake/omake, git, shell scripting, grep/sed/awk, Linux/Unix
 - **Intermediate:** Povray, ParaView, Processing, Moodle, OpenMPI
- Fairly conversant with Office subsystem.
